

BIG TIME - THE HOUSE CH4 commission for 19-4-90 Glasgow European Cultural City.		Year made 1990	
		Colour X	B&W
Version No 1	Sound – stereo	Duration 4mins	
			
<p>Text</p> <p>This work was commission by channel 4 to be part of the celebration of the first artworks screen on UK television in 1971 by David Hall. The screenings on channel 4 were played over a week long period. 12 artist works from around Europe were commissioned along with the original 7 TV interventions.</p> <p>This work celebrated the television corner. A social corner where the family meet and ritually watch TV. The images are of Glasgow, some are set ups, most are chance moments that I spent long hours waiting for. The work examines the dramaturgy of the moment, the falseness of making, consuming, waiting for a moment to take place. The wonderful moment of witnessing a different television moment, an art moment on TV.</p>
