

David Hall 81 Fairmount Rd London SW5 0EA 0893

THIS IS A VIDEO MONITOR.
WHICH IS A BOX.
THE SHELL IS OF WOOD, METAL OR PLASTIC
ON ONE SIDE, MOST LIKELY THE ONE YOU ARE LOOKING AT, THERE IS A LARGE -
RECTANGULAR OPENING.
THIS OPENING IS FILLED WITH A CURVED GLASS ~~SCREEN~~ SURFACE,
WHICH ~~IS~~ IS EMITTING LIGHT.
THE LIGHT, PASSING THROUGH THE CURVED GLASS SURFACE, VARIES IN INTENSITY -
OVER THAT SURFACE, FROM DARK TO LIGHT ~~AND~~ IN A VARIETY OF SHADES OF GREY,
THESE FORM SHAPES, WHICH OFTEN APPEAR AS IMAGES,
IN THIS CASE, THE IMAGE OF A WOMAN'S ~~FACE~~.
BUT, IT IS NOT A WOMAN'S ~~FACE~~.

OK H205

THERE IS ALSO ANOTHER OPENING, PROBABLY ON THE SAME SIDE AS THE CURVED -
GLASS SURFACE - OR ADJACENT TO IT - WHICH IS EMITTING THIS SOUND.
THE SOUND IS PRODUCED ~~BY~~ VIBRATIONS ON A CONE INSIDE THIS -
OTHER OPENING.
THE ~~VIBRATION~~ SOUND ~~IS~~ IS VERY SIMILAR TO A WOMAN'S ~~VOICE~~ SPEAKING
BUT, ~~XXXXXXXXXX~~ IT IS NOT A WOMAN'S VOICE.

~~BECAUSE THESE SOUNDS ARE SO SIMILAR TO A WOMAN SPEAKING AND BECAUSE THE~~
~~IMAGE OF THE WOMAN'S LIPS APPEAR TO BE SIMULTANEOUSLY FORMING THE SAME~~
~~WORDS, THE SOUNDS ARE HEARD AS THOUGH COMING FROM THE IMAGE OF THE WOMAN'S-~~
~~MOUTH.~~

BECAUSE THESE SOUNDS ARE SO SIMILAR TO A WOMAN SPEAKING AND BECAUSE THE
IMAGE OF THE WOMAN'S LIPS APPEAR TO BE SIMULTANEOUSLY FORMING THE SAME
WORDS, THE SOUNDS ARE HEARD AS THOUGH COMING FROM THE IMAGE OF THE WOMAN'S-
MOUTH.
BUT, THEY DO NOT.

THIS AND VIDEO SUBJECT
