Dear Steve,

it was nice to meet you and have a chat.

Here is the information about the videotapes; hope the department might purchase both. Although 'In The Home' is less obviously rib-tickling on first viewing than 'The News' it does have a delayed effect, and picks up in hilarity after being seen once or twice; after several viewings it ~~develops~~ acquires cult fans.

So, ^{hope to} ~~hear~~ hear from you.

all the best,
