Dear Steve,

Here is a new piece for publication.

No, I don't have any pieces in the Serpentine show to my knowledge. Tell me more about the exhibition, who's in it, what does it cover, and so on.

Trust all goes well. Haven't heard much from Jack W. How is he? He has a tape of mine. Maybe he should put it in the show.

All the best, and yours in art, and so on:
