Dichotomy

A video installation by Tony Sinden, this year's artist in residence at Durham Cathedral. Filmed on location at Yosemite National Park, California, *Dichotomy* retraces a journey made by the artist several years ago and explores landscape and a deep sense of the sublime, in a loop of quiet reflection linking the present with a memory of the past.

This coincides with the National Touring Exhibition *Everything Must Go:-*

Durham Cathedral: 15-28 October and the
Vardy Gallery, University of Sunderland:
12 November-10 December.
